25X1 1. During the middle of April 1951, materials for the construction of a new railway track, to run from Leszno (P52/V11) via Wolsztyn (053/V72) in the direction of Slubice, began to arrive at Leszno. [REDACTED]

25X1 [REDACTED] this track is to be independent of the double-track railway line between Leszno and Zbaszyn. The track is to be separated from the shunting system of the intermediate stations and will probably by-pass them. Up to 10 May, work on the new track had not extended beyond the immediate vicinity of Leszno Station.
